

12.7.

Project Work

- **A job is what you do for living?**
- **A hobby is what you do in your pastime?**
- **An obsession is what consumes you for a while or your entire life?**
- **When we are young we are obsessed with strange ideas, cars, motorcycles, fashions, and musical groups like the Beatles in old days or the Metals nowadays, movie and singing stars, sport teams and sport stars. We have the same haircut as theirs. We wear the same clothes or colors. We collect their pictures. We put their icons on our bedroom walls even on our T-shirts and vests. Some times, it comes and goes like a fever in certain period in our life. But! Sometimes it becomes part of our life. It makes us feel like belonging! Don't you feel so?**
- **Write a composition on one of these three subjects:**
- **My Job.**
- **My Hobby.**
- **My Obsession.**
