Abstract

This thesis is research with one of Jalal Al-Deen Al-Suyuti book's who Dead at 911A.H. This thesis named (Al-Mabaheth Al-Nahwya wa Al-Logawya fee Ketab(Al-Tawshih Al-jamaa Al-sahyh) Le Jalal Deen Al-Sayoti (911 A.H)

Al Tawsheh book is considered one between hundred books that the author wrote . The thesis divided into three chapters , Every one containing sections .

The first chapter interested with grammar sections which have three sections : The first section : Different cases of construing faces , The second section : Cases haven't construing faces , The third one is construing with proposition.

The second chapter interested with grammar sections which contains three sections : the first section : the grammar forms , and the second :the small , the third sections place changing. The third chapter interested with language sections which contains two sections : the first section , especial language section , and the second section containing the language sections ,and I discovered in the end of this thesis several consequences : Al - Tawsheh Book is considered collecting , recording book for the scientists and language specialist

opinions which precede him , and that because of the period he lived in the tenth at prophetic migration .also we can denote to Al-Seouti displaying for language and grammar cases , and showed the different opinions about it , but he didn't mention his opinion only , and also I can denote that Al- Seouti use in his book visual terms ,and this is clear for every one read the book .
