PROFIL I have graduated as biology (M.Sc.) from Copenhagen University on 8-10-2013. About myself as a person, I can say that I am friendly, social and credibility. In my time as a student at the university of Copenhagen, I have been involved in all stages of work, you may encounter as a biologist, as a result of the 5 years of the study.

EDUCATION

- 2004-2007: STX-secondary school (køge high school)
- 2008: half a year on computer science
- 2008-2011: Bachelor in biology
- 2011-2013: Master in biology (cell and physiology)

Master thesis: Resveratrol effect on type 2 diabettes (T2D)

Language skilles

Danish: mastered at a high level both in writing and orally

English: mastered at a high level both in writing and orally

Arabic: mastered at a high level both in writing and orally

Voluntary work:

2011-2012: Mentor for social risk youth

Work experience:

Interpreter during the education in the university

Took a Course in english language to improve my language skills in written and spoken (2014-2015)

In the primary school, I worked in supermarket (from this job, I learned how to communicate with people and service in general)

2015: worked at the magrab lab in 3 months
