

# CURRICULUM VITAE (CV) AND PERSONAL HISTORY

---

## Personal Statement

I am a skilled computer programmer with a background in several programming languages.

Familiar with renewable energy and I have projects about how to explore Fingerprints to know the identity of the person. I have published many papers in that subject.

## Personal Identification:

Name: Rasha Jamal Hindi  
Address: the Palestine street, Baghdad, Iraq Languages:  
Arabic & English.  
Mobile : +9647725772125  
E-mail Address: [Rasha.Cte@almustafauniversity.edu.iq](mailto:Rasha.Cte@almustafauniversity.edu.iq)

## Scientific Degree:

### A. University 2017-2020

M.Sc. computer Sciences University of Al-Mustansiriya-Baghdad

Master's thesis: Tongue and Lips based recognition system

### B. University 2012-2016

B.Sc. Computer Sciences University of Al-Mustansiriya-Baghdad

Grade achieved: [88.99]

Bachelor's thesis: Image color Security.

## **Work Experience**

- Lecturer at AL- Mustansiriya- University College .

## **Skills**

- Knowledge of internet applications and technology.
- Knowledge of office program, mat lab, Visio and AutoCAD program.
- Design of household lighting.
- Knowledge of Arduino and fiber optics communication
- Knowledge of Artificial intelligent

## **Published papers**

- Application of CNN in Augmented Reality for Patient monitoring system management.
- Enhancing River Water Level Prediction Using CNN with Attention and Squeeze-and-Excitation Blocks.
- Ensemble Machine Learning Approach for Anemia Classification Using Complete Blood Count Data.
- identification system by Tongue based on Bhattacharyya distance.
- identification model by Lips based on Euclidean distains.
- Face recognition with A security system based on a neural network.
- Face Recognition based on PCA and CNN.

## **References**

- References are available on request.
