

[Muna Ahmed Issa]

PHYSICS RESEARCHER

+9647733346399 | dr.munaahmed@uomustansiriyah.edu.iq

PROFESSIONAL SUMMARY

Dedicated Physics PhD with experience in higher education and scientific research. Expert in statistical modeling and data analysis using SPSS, with a proven track record of international publications and a commitment to advancing the field of physics through rigorous empirical investigation and innovative teaching.

PROFESSIONAL EXPERIENCE

Lecturer & Researcher

Mustansiriyah University

- Research Leadership and Scholarly Publication:** I successfully published 4 peer-reviewed papers in international physics journals, contributing to an increase in the department's annual research output..
- Advanced Statistical Data Analysis:** Utilized SPSS statistical software to analyze experimental datasets in research projects.
- Academic Mentorship and Supervision:** Provided direct academic supervision and technical guidance to students, facilitating the successful completion of their projects within the scheduled academic deadlines.

SKILLS & TECHNOLOGIES

Professional Skills: Advanced Physics Research, Statistical Analysis, Academic Lecturing, Scientific Writing, Laboratory Management

Tools & Technologies: SPSS, Microsoft Excel, Microsoft Word, Microsoft PowerPoint

Languages: Arabic (Native), English (Professional Proficiency)

EDUCATION

PhD in Physics, *University of Baghdad*

Completed advanced doctoral research within the Department of Physics, specializing in plasma physics.

Master of Science in Physics, *University of Baghdad*

Bachelor of Science in Physics, *University of Baghdad*
