Postgraduate training for Arab Board in Rasheed center 1987-1992

Head of the department of medicine in Basrah hospital 1993-1996

Head of endocrine department in Rasheed hospital 1996-2000

Endocrinologist in The Specialized Center of Endocrinology and Diabetes 2000-2004

Endocrinologist and diabetologist in The National Diabetes Center and lecturer in Almustansyria college of medicine since August 2004

Director of The National Diabetes Center

Clinical activities

Training of postgraduate medical students

Supervisor for training junior students in endocrinology and biochemistry

Member in the committee who had written and revised the Iraqi diabetes management guide lines .

Participant in the national survey for non communicable diseases risk factors in Iraq 2006 , a stepwise approach , by the ministry of health in collaboration with the World Health Organization .

Nominated as a member of the Arab Board Council in Iraq and as an examiner in the countries included in the arab board of medical specialization .

Imperial college advanced course in 8-19 Dec- 2014 according to the university order 3645 in 29-9-2014.

Researches

- The prevalence of hypertension among diabetic patients attending Al-Rasheed Military Hospital between January 1994 and July 1999 accepted to be published in the journal of technical medicine - the letter of acceptance No. 287 in March 1st 2001**
- Autonomic neuropathy in diabetic patients - letter of acceptance in the medical journal of the college of medicine -Baghdad - letter No 370 in 13 May 2001.**
- Coeliac disease as a member of oxidative stress syndrome -The journal of community medicine Almustansyria university -serial number 1158 11 December -2004.**
- The pulse rate as a marker of serum level of T3 and T4 in thyrotoxic patients. -The Iraqi journal of community medicine -Almustansyria college of medicine -serial number 1231 -15 October 2005.**
- Serum Sialic acid in complicated type 2 diabetic patients.-Journal of Basic Medical Sciences -Almustansyria college of medicine Vol .5 No.5 .2005.**
- The effect of captopril and ketotifen on nasal mucociliary clearance in healthy volunteers -The Journal of Basic Medical Sciences Almustansyria college of medicine -Vol.6 No 1 .2006.**
- Evaluation of periodontal in type 2 diabetic on statin therapy. Journal of the Iraqi community medicine vol 23. 2010**
- The role of repaglinide in management of type 2 diabetes mellitus. Iraqi medical journal - 2012.**
- Effect of switching from free Co-administration sulfonylurea and metformin combined combination of Glibenclamide and metformin (Glucovance on postprandial Glycemic control in a sample of Iraqi Type 2 diabetes. Middle East Journal of Family Medicine Vol.10.**

2013

- effect of sitagliptin on Glycemic in patients with type 2 diabetes
Middle East Journal of Family Medicine . Vol 5. 2014.
- effect of sitagliptin on glycemc control in patients with type 2 diabetes
International Journal Australian in Beirut. Vol 13, no 6. 2015.
- Hematological profile of patients with acromegaly in Iraq Iraqi
Journal of Hematology Vol 4, no 2. 2015.
- Role of serum IL -18 in type 2 diabetic patients. Mustansiriya medical
Vol.14. 2015

Papers to be accepted

Endocrine complications in thalassemia major
Unusual symptoms and signs in 240 thyrotoxic patients
The response of thalassemic patients to hormone replacement therapy.
Pubertal failure in thalassemic patients.
Trans-sphenoidal hypophysectomy in acromegalic patients.
The response of acromegalic patients to somatostatin analgues.

attended congresses

Annual congresses of endocrinology and diabetes in Baghdad 1995-2004

Panarab congresse of endocrinology and diabetes

Amman- Jordan 2001

Damascus -Syria2002

Tunisia- Tunis23-26 October 2006.

Rabat- Morroco 3-5 May 2006

Symposium on Novomix -Lebanan -Beruit 6 April 2004

The 12th Asian Ocianian congress of endocrinology - Tipea - Tywan - August -2002.

The 2nd endocrine congress for Ascia and Africa - Dead Sea - Jordan -April -2006

The 8th European congress of endocrinology - UK-Glsgow -April-2006.

EASD Athens-Greece -10-16 September 2005.

EASD (European Association for the study of Diabetes)- Denmark- Cobenhagen 2006

The workshop (Translating today science into clinical practice)-Antalia-Turkey July 7th-9th ,2006

Active participation in the workshop held in Lattikia-Syria on insulin pump therapy sponsored by Meditronic company -August -2006.

Nominated by the ministry of health to be member of the umbrella organization for the Iraqi Clinical Training and Development

Program in UK

Attendance of the Stakeholders meeting held in the Royal College of Physicians in London 1 , 2 ,3 May 2007

Participation in the workshop of OSCE(objective structured clinical examination)in Beirut 2-4 December 2010 in the AUB (American University of Beirut)

EASD 2010 Stikholm_Sweedeen

Attendance of the national health assembly with a delegation feom Iraq WHO Geneca_Switzerland 16-24 May 2011

Attendance of the EASD 47 in Portugal (LISBON) 12-16 September 2011

Participation in the final clinical exam of board students and preparing the questions for the next part 1 and 2 written exam . in Syria 19-28 –september 2011

Participation in preparing the MCQ questions for the next 2 part 1 exam. and 1 final written exam. in ALDOHA 11-15 March 2012

EASD Italy –Forence 4-9 /5/2012

Julphar diabetes in Dubie 6-8 September 2012

Congress of the American Diabetes Association in Dubie 3-7 December 2012.

Supervision of postgraduate students

- 1 Hawazin yousif khalaf – microalbuminuria and oxidative stress in type 2 DM – college of medicine – Al-mustansiriya university- 2014.
- 2 Saba hamid majid (the anti-inflammatory effect of metformin on newly diagnosed Iraqi patient with type 2 diabetes – college of pharmacy – Al-mustansiriya university – 2013.
- 3 Ali sabah salman (biochemical parameters study in Iraqi acromegalic patients) – college of pharmacy – Baghdad university – 2013.
- 4 Esam abdulkareem ,autonomic neuropathy in diabetics- msc- 2012.
- 5 Suzan taha mohammed (osteprotegrin in postmenapausal diabetic women)- msc- 2012.
- 6 Ammar musameh ali – prevalence of diabetic retinopathy among type 2 DM attending the National Diabetes Center – Al-mustansiriya university – 2012.

- 7 Abeer Abdullah najim – level of serum erythropoietin in a sample of type 2 DM – college of science – chemistry -Baghdad- 19/5/2011.
- 8 Ekhlās abduallah Hassan (biochemical studies of adrenocorticotropin hormone, cortisol, and other biochemical marker in a sample of type 1 Iraqi female diabetic patients and studying their molecular binding. – college of science – chemistry -Baghdad- 2011.
- 9 Pharmacist Ali Talib Al-Neaami- college of pharmacy baghdad- anemia in diabetic patient without renal involvement – 4/3/2010.
- 10 Sauad almas brakhas (hormonal profile in preeclamptic ladies)- PHD- 28/2/2010.
- 11 Tayf kalaf hamdan – Association between magnesium, insulin resistance and fatness in type 2 diabetes – college of medicine – Al-nahrain university – 2009.

- 12 Firas younis (cytomegalovirus antibodies in diabetic subjects –any causal relationship)- PHD – 23/12/2008.
- 13 Afra Shakirimpaired GTT in pregnant women – msc – 2008.
- 14 Nithal saeed rasheed (msc- biochemistry) C-reactive protein in diabetics – 2007.
- 15 Nadia hameed mohammed (msc-biochemistry) activity of apoptosis of the natural killer cells and its relation to tumor – necrosis factor alfa in type 2 diabetic patients. – 2007.
- 16 Wafa Kadim (msc-immunology) immunoglobulin levels and defective phagocytosis in diabetic subjects- 2006.
- 17 Bayda Ahmed (msc-chemistry)-Sialic acid in diabetics -2006
- 18 Mays Kassim (msc immunology)CD markers in Graves Disease 2006.
- 19 Zaynab Kasim (msc -chemistry)-serum Copper and Fucose in type1 diabetic subjects - 2006
- 20 Jamal akef mohammed – Dyslipidemia and diabetes: management approach – PHD – 2006.
- 21 Shatha Abduljabbar (msc-biochemistry) -lipid profile in hypothyroid patients -2005.
- 22 Zeena Essa (msc -chemisry) serum Zinc, Copper ,and Fucose in

type 2 diabetics- 2005

23 Wafaa fadhil hamad – comparative studies between some biochemical parameters with some immunological parameters for diabetic patients and diabetic patients with heart disease – 2005.
