Team Work and Leadership Research

During my working as a lecture in my country, I have some papers published as list below

1. Aseel.Q.M, Determination of chain transfer constant for MMA by organic chloro compounds (2002)
2. Firyal.M.A, Alaa.K.J., Aseel.Q.M, A new synthesis of Imide-Amide cephalaxine as novel drug polymers
3. Prof.Firyal.M.A,Dr. Ahmed .M.A, Aseel.Q.M. Poly condensation of acid anhydrides with Aspartenyl Imide diamine and curing with styrene as smart polymers
4. Aseel, Q.M. synthesis of Bio polymers by condensed histidine imide derivatives with some acid anhydrides
5. Prof.Firyal .M.A, Dr.Alaa.K.J, Aseel.Q.M, Preparation of Riboflavin, cephalaxin, Amoxicillin and prodrug derivatives and studying their controlled release
6. Prof.Firyal.M.A, Aseel.Q.M. In vitro study of mefenamic acid starch as drug delivery system
7. Prof.Firyal.M.A, Aseel.Q.M, Methyldopa –starch as pro-drug polymer
8. Prof.Firyal.M.A, Aseel.Q.M. Preparation of poly (vinylfolate) as a smart drug polymer.

Time Management

- As a PhD student, I have learnt the importance of organization and prioritizing commitments. I took a course on how to plan research, which taught time management and organization.

INTERESTS

- Fitness: regularly goes to the gym and learning how to play Tennis to keep fit.
