التدريس في قسم علوم القرآن الجامعة المستنصرية كلية التربية

the biography

Eng. Amal Rashid Maala
Al-Mustansiriya University - College of Education - Department of
Qur'anic Sciences-----

Email: amelmuala@uomustansiriyah.edu.iq:

the number: 07708731206

Introductory summary:

I am the teacher, Amal Rasheed Mualah Al-Danbous, born on 7/19/1978. I live in Baghdad Governorate, Karrada District. My nationality is Iraqi, from father and mother. My beginnings were in primary education at Al-Abaa Primary School, then middle school at Al-Khawarnaq Girls School, until I reached middle school (Khawla Bint Al-Azwar Preparatory School), which was my starting point for further education. University: I entered (Al-Mustansiriya University) and graduated from it with an average degree, and then I completed my master's degree at the University of Baghdad, teaching Ibn Rushd in 2008 with an honors degree, and I was appointed to the same university in 2001 AD.

Academic certificates:

- Ph.D. PhD/Assistant Professor Dr
- M.SC Master

Awards and academic honors

- 1- I received a letter of thanks and appreciation from the Minister of Higher Education and Scientific Research, as well as from the President of the University and the Dean of the College of Education.

Academic and teaching experience:

- I have accumulated experience in university higher education, with years of service amounting to twenty-two years of continuous giving, diligence, and teaching in preliminary studies, as well as publishing solid scientific research in local journals and supervising elementary studies students within the university.

Courses taught:

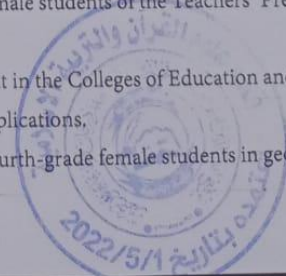

Preliminary studies	Graduate Studies
1. Developmental psychology 2. Educational psychology 3. Foundations of education 4. Teaching curricula and methods 5. Library and research methodology	

Professional affiliation or associations:

1. Absences Committee
2. Voluntary Service Committee
3. Classroom Follow-up Committee
4. Basic Records Audit Committee
5. Liaison member committee
6. Examination committee

Scientific publications

- 1- The effectiveness of applied tasks based on mental processes in the acquisition of geography among first-year middle school female students and their attitudes towards it (published).
2. An evaluation study of the subject of general teaching methods among female students of the Teachers' Preparatory Institute, fourth stage, in social studies (published).
3. The educational obstacles faced by students of the Geography Department in the Colleges of Education and Humanities in understanding the topics of the computer curriculum and its applications.
4. The effect of the constructivist learning strategy on the achievement of fourth-grade female students in geography (published)

Academic certificates:

- Ph.D. PhD/Assistant Professor Dr
- M.SC Master
