

:How to make a question with simple past tense

To make a question, delete the word or words you are asking about and use a suitable question-word. But if the sentence has a helping verb, place it before the subject. Put a question mark at the end of .the question

:Note: these are question words

.when // to ask about time (1

where // to ask about the place (2

.why // to ask about the reason (3

.what // to ask about an object for things (4

.whom or who // to ask about an object for persons (5

.how// to ask about manner or state (6

.how many // to ask about countable nouns (7

.how much // to ask about uncountable nouns and price (8

.how long // to ask about the length or during (9

.how tall // only to ask about the height of a person (10
