Abstract

Poetics choices represent important aspect in origination as in Arabian in many ages, through dealing with shown Texts on the basis on well – mannered educated reading with, Socialist, linguistic, literary and monetary knowledge. We talks about the educated Reader that represent of choice Personality, thus Arab inherit on ((man choice as apiece of his mind)).

Here the choices take important aspect in origination Aspect. This origination books in second century after Hijra to numerous centuries, this in one side and In other side, this choices played role in sending and development the reader culture as well as scientific sending.

Arab civilization take another specialist poetry choices as known ((assimilation books)) that deals with poetry Texts on the basis of one Art in choice, it is ((assimilation)).

In this basis, this thesis send to study of classified of choice in Alandulis land to try dealing on the basis of discovering the secrets, criterions and procedures of choice. This act discovers mind Of bin Alkitani Altabeeb Alandulisi. This thesis on ((Assimilation's book in poetry of the people of Alandulis to bin Alkitani Altabeeb)) consists of three parts in choice and origination movement. Assimilation and it's important among statement scions and specialist choices.

First part in this Thesis is talking about Assimilation's in poetry of a Hill Alandulisi. This talks about descriptive aspect in it's procedures, sources. Literary value and aim.

Second part is talking a bout important in choice operation as choice criterions wish basis on specialist choice operation. This operation resulted from monetary, morality, and rhetorical criterions.

Third part of thesis is talking a bout emotion and effect mater among bin Alkitani. And other writers. In this part the thesis is finished and ended by results studied this subject.
