# ABSTRACT

The student thinking very long in a subject dealing with miraculous nature of Koran. Then Allah rightly guided the student the subject of **(Reasoning Euphemism of Koran at Al-Siwty Books)** (death at 911 H.). So the student trusted with God and completed this thesis.

Al-Siwty wrote many books in different sciences. So the student investigated what included in the thesis, as (Qatf Al-Azhar fy Kashf Al-Asrar), (Muatarak Al-Akran), and (Al-Itkan) etc. the student study this subjects to put a fitting introduction.

The thesis divided on two big chapters:

**The first chapter** was dealing with the subject of **“Preference”**. It was divided on seven sections:

**The first dealt with the preference in names.**

**The second dealt with the preference in forms.**

*The third dealt with the preference in infinitive.*

*The fourth dealt with the preference in letters.*

*The fifth dealt with the preference in particles.*

*The sixth dealt with the preference in sentences &  
other syntactical cases.*

*The seventh dealt with the preference in Koranic  
comma.*

*The second chapter* was dealing with “*The Eloquence  
Methods*”. It was divided on six sections:

*The first dealt with the preference in explanatory  
apposition.*

*The second dealt with the preference in meaning.*

*The third dealt with the preference in rhetoric.*

*The fourth dealt with the preference in: foreword,  
deferment, indicating and aphaeresis.*

*The fifth dealt with the preference in: definition &  
making feminine.*

*The sixth dealt with the preference in: singling,  
doubling, plural and repetition.*

Then the *Conclusion* collected the main results of the  
thesis.
